LOCATION & RISK OVERVIEW

Location Score
4.5/10

Risk Exposure
2.5/10

Low Risk

MAJOR RISK FACTORS

- Moderate Location Score
- High Loan-to-Value Ratio
- High Real ROI
- High Vacancy Loss
- High Rent to EMI Coverage
- High Cashflow

KEY INSIGHTS

- Cash flow is stable. Rental income comfortably exceeds expenses.
- ROI is high relative to conservative benchmarks.
- Rental yield is strong relative to typical residential ranges.
- Vacancy impact is high. Rental income shows significant interruption risk.
- Rent sufficiently covers EMI obligations.
- Loan-to-value ratio is high. Leverage exposure is elevated.
- Location score is average within the evaluated range.
